

MOUNTAIN HOUSE COMMUNITY SERVICES DISTRICT
*"To Provide Responsive Service to our Growing Community
that Exceeds Expectations at a Fair Value"*

STAFF REPORT

AGENDA TITLE: General Manager Update on District Activities

MEETING DATE: November 17, 2021

PREPARED BY: Steven J. Pinkerton, General Manager

COVID -19 Updates and Reopening Plans

Developing protocols during this time when circumstances, guidelines and standards are rapidly evolving continues to be a complex and challenging task. We are balancing the desire to return fully to pre-COVID activities with our responsibility to protect residents and staff. This is a challenge that will test the patience and resourcefulness of the community.

I receive weekly updates from the San Joaquin County Public Health Department and periodically discuss best practices and public building reopening protocols with other City Managers in the region.

As of November 10, 2021, San Joaquin County continues to have a case rate and positivity rate above the state-wide average. The County's positivity rate has stayed fairly constant over the past month.

We continue to update the District website and our social media sites with links to COVID-19 related materials. Besides including District-specific information, you can also access important materials from the County's Public Health Department and the California Department of Public Health.

Visit the following link for information and updates:

<https://sjready.org/events/covid19/vaccines.html>

Risk Management/Human Resources

Nicole Adamo, District Clerk, is reviewing and updating COVID protocols and developing a safety program. Staff meets routinely to discuss risk assessment and avoidance.

Contracts with the District's two bargaining units will expire on June 30, 2022. We will begin contract negotiations early in 2022.

The District is currently recruiting for the following vacancies: Community Development Director, Utility Manager, Construction Manager, Community Preservation Officer, Accounting Technician

and Recreation Assistant. Interviews have begun for Utility Manager, Construction Manager and Community Preservation Officer. We hope to have these key positions filled within the next few weeks. Applications are still being accepted for Community Development Director until November 12, Accounting Technician until December 3, and Recreation Assistant will remain open until filled. The District recently filled the position of Office Assistant. The selected candidate will start in December.

Community Meetings

In coordination with the Board, the staff is conducting a series of community meetings this year. To date, meeting topics have included presentations from developers, consultants, and staff on the park's strategic plan, bike and pedestrian plans, incorporation, transportation issues, and Wicklund mailboxes.

On October 27, a Community Zoom Meeting was held regarding water conservation efforts. The meeting provided information regarding the current drought, water supply challenges, tips for water conservation and a tutorial on how to sign up for Eye On Water. We received very positive feedback at the end of the meeting and have had over 50 new user sign-ups for Eye on Water since the meeting.

Our next Community Meeting is tentatively scheduled for January 19, 2022. This Zoom event will educate the public regarding the new state regulations regarding residential waste disposal and how these changes will impact service delivery and costs. Staff is also putting together an informative presentation on our Master Restrictions for a future meeting.

Public Parks and Facilities and Recreation Programming

The District held a blood drive on Friday, October 29. We had 30 confirmed reservations for the day, which was our goal. Thank you to everyone who donated to the American Red Cross.

The next event for the District is the Holiday Tree Lighting. The event will be held from December 10 through 12 with many fun, family-oriented activities over this multi-day event. The Tree Lighting will happen on Friday, December 10 at 6:30 pm. This year we are adding a pancake breakfast with several holiday characters. If you would like to volunteer for this event or participate as a vendor, please contact Angel Lamb at alamb@sjgov.org. Watch for updates on Facebook and other social media.

Web Services

The staff continues to work on surveys for the community. We have published the surveys below. A new survey on water conservation is now available.

Topic	Visitor	Respondents
Retail/new shopping center	1,861	1,346
Non-standard vehicles parking	660	168
Parks and recreation opportunities	1,112	735
Pedestrian/bicycle Master Plan	272	67
Improving public communication	457	220
Transportation Options	1,556	1,054
Wicklund Mailbox	614	339
Importance of Play	1,046	533

These results demonstrate the effectiveness of this survey tool and the interest of our residents in community activities.

The staff is working on a variety of forms that will be available online as fillable PDFs. There will also be options to pay fees for items such as the encroachment permit online as well. The forms will be available in the next few weeks. Staff will publicize the new access on our website, Facebook, and other social media.

Social Media

Angel Lamb manages the District's Facebook and Nextdoor accounts. We continue to post updates and events. Recent posts have addressed water conservation, Halloween safety, and the continued Stage 3 Drought Emergency.

The staff has also continued to use the Eblast subscription for our residents. Go to www.mountainhousecsd.org to sign up for topics of interest, such as road closures or community news and events.

Code Compliance Activities

With the adoption of the new ordinance regarding the Master Restrictions, we are focusing on developing a procedural manual for the Master Restriction process. We are planning to prepare an educational PowerPoint presentation and to hold two virtual meetings to educate residents regarding Master Restrictions and CC&R requirements.

The following are the statistics for the code compliance enforcement effort for October 2021.

Total citations issued	8
Parking-related citations	6
Administrative/property/landscaping warnings/notice (no fines)	2
Administrative/property/landscaping citation (fine)	0
Appeal – parking-related	0
Request for change or variations of Master Restrictions	37
Approval permits for property changes approved	32
Approval permits for property changes pending	5

Staffing Assignments

The Public Safety Committee will now be staffed by Chris Stevens of More Than Talk. Mr. Stevens is a retired Deputy Sheriff who is preparing our Emergency Operations and Response Plans. More than Talk also provides us with retired Police Chief Charles Halford who provides support for our Public Safety operations.

Transportation Planning duties will be hired on a contract basis – likely via multiple contractors depending on the type of task where review and support is needed.

Incorporation

Staff and LAFCo's consultant will be holding a kickoff meeting next week to start work on the Comprehensive Fiscal Analysis required for incorporation.

Town Hall Annex (old Library Building)

Staff has negotiated and executed a ground lease for the Annex and repairs are underway.

Safeway

Construction is on schedule for a completion date of early next summer. Many of the tenant spaces have been leased or are in negotiations. The occupants (beyond Safeway) will be a mix of food and services, including tutoring, martial arts, sandwiches, pizza, and a coffee drive through.

Grant Line Road West Improvements (Alameda County)

We are finalizing the agreement with Alameda County to advance the project to final design and construction services. We expect to present the final version of a Cooperative Agreement with Alameda County to the Board in the near future. Similarly, the Alameda County Board of Supervisors needs to approve the Cooperative Agreement following the District's Board approval. The project will involve final design and construction of two roundabouts along Grant Line Road in Alameda County. Staff expects completion of the final design by the fall of 2022 and completion of construction by the spring of 2024. District staff has developed a funding plan in association with Mountain House Developers (MHD) and Mountain House Investors (MHI), who are obligated to complete the project.

Specific Plan III

Staff recently provided comments on two development plan submittals within Specific Plan III, Tentative Maps 4039 and 4040. The two major subdivision applications will include the development of one 143.34-acre parcel and one 35.8-acre parcel. The 143.34-acre parcel will be subdivided into 585 residential lots, 9 commercial and industrials lots, and one neighborhood park. The 35.83-acre parcel will be subdivided into 146 residential lots and one parcel for a neighborhood park. The two parcels to be subdivided were previously approved for development as outlined in the Mountain House Specific Plan III document. Modifications to the Master Plan and Specific Plan are being requested as part of this development request.

Creekside Development – Neighborhood G

On November 4th, CDD staff held a kick-off meeting to discuss the schedule for submittal of improvement plans for the Creekside Development. Submittal and review will commence in early 2022.

Town Center Apartments Development Project

On-site grading for the Arnaudo Apartment Project started in late October and site improvements are anticipated to be completed in early 2022. Staff is working with the designers through the plan review process for the joint trench and street light plans and the landscape plans for future Providence Street.

Grant Line Road Construction

The contractor has completed the landscaping and is now performing the 90-day plant establishment upkeep and maintenance through all of the planted sections from Mountain House Parkway to Central Parkway. Construction started on the landscaping on the north side of Grant Line Road between Central Parkway and Great Valley Parkway. The installation of the median street lights in this section of Grant Line Road was also started.

Utility Corridor Landscaping Concept Design

Staff is working with the SPIII developers and builders on the conceptual design and construction of this critical corridor. The first plan review cycle has been completed. VTA is currently working on revising the concept plans.

Town Center Landscaping

Landscaping is under construction for Mountain House Parkway, Byron Road, Grand Avenue, and Raphael Street.

Cordes Park

The 90-day maintenance period for the park has started. The Grand Opening/Ribbon Cutting for the park is schedule for November 17, 2021 at 4:00 pm.

Water Quality Basin #1

Staff is working with MHD to execute the expansion of Water Quality Basin #1 north of Byron Road.

Neighborhood J

Staff, MHD and the designers are working through the plan review process for the neighborhood J improvement plans and final maps.

Library Hours of Operation

We met with the Library staff on Monday, September 27 to discuss library hours along with other issues of mutual interest. Regarding Library hours, the hours we are open are consistent with most other branch libraries in the Stockton San Joaquin County Library system and consistent with the hours of operation experienced in Mountain House for many years. The Wednesday hours are shortened system-wide to allow for staff training.

We inquired as to the cost of opening for additional hours and they will be providing us that information. They advised that if we desired additional hours of operation, it would need to be part of their annual budget process.

Please see Attachment A to this staff report - Library Door Count per Hour for information on the number of patrons visiting the Library during days and hours of operation. Attachment B shows the Library's system-wide hours of operation.

Library Update

The Mountain House Library now has a full complement of 6 full-time staff members with the return of Norene Waters. Norene worked for the MH Library as a Circulation Assistant for 3 ½ years before she moved to the Cesar Chavez Branch. Now she has returned to be part of our staff once again as a Library Assistant. Her experience will augment what programs our staff will be able to provide.

The Stockton San Joaquin County Public Library (SSJCPL) system is still offering virtual story times, virtual professional performer programs, book clubs, crafts and more. In addition the MH Library has been given permission to also do activities outside on the library patio. We have begun to offer storytimes every other Thursday morning at 11:00 am and a variety of programs at 4:00 pm

DISCUSSION ITEM 10.4

on the opposite weeks. In October we had a walk-through Halloween party and costume parade. We had 51 participants. For our first program in such a long time we thought it was well received. In November we plan to have the storytimes, a science day with experiments that the children can experience here and at home, and a harvest celebration. Staff is also planning to offer a walking club for outside of the library on good days and around the inside of the library on damp days. We are also continuing our in-house giveaway of make-and-take crafts and offering static programs like an estimation game and seek-and-find fun.

Aside from the regular new books, DVDs, and storytime kits, SSJCPL is now offering Tech Kits which include a Chromebook and a hotspot for checkout. These will be available to 13 year olds and above. Children will need their parents or adult guardian to check out these items.

Library Administration is keeping watch on the rising Covid cases in San Joaquin County. Precautions still being implemented for in-person library use include:

- Face coverings will continue to be worn by staff and encouraged for others.
- Hand sanitizing stations are dispersed around the building.
- Distancing is still encouraged.

Outreach efforts of the MH Library continue. We are working with the developers and local daycares.

Staff has trained a number of adult and teen volunteers this month who have already provided 137 hours of shelving and program assistance to support branch staff.

Halloween Walk-through Party**Winners of the Origami Contest**

For more information on Library programs and services visit <http://www.ssjcpl.org/>

Wicklund Mail Box Replacement

The Board authorized the General Manager to work with the Postmaster to replace the individual mail boxes in Wicklund Neighborhood with cluster mail boxes. Staff has prepared a plan identifying the number and location of these cluster boxes and has submitted it to the post office for review and approval. Staff is waiting for comment from the Post Office after they perform a site visit. More information on this project will be presented at tonight's Board meeting.

Sidewalk and Tree Maintenance Program

The sidewalk and tree maintenance program was approved by the Board in September. Staff has been working with a contractor to identify and classify various sidewalk damages for grinding and removal and replacement. As soon as this evaluation is completed, the process of grinding as well as removal and replacement will start.

Status of the State Water Board's Delta Water Unavailability

- On May 10, 2021, Governor Newsom issued a Proclamation of a State of Emergency due to drought in 41 counties, including those in the Delta watershed.
- On July 8, 2021, the Governor issued an expanded Proclamation of a State of Emergency for 9 additional counties and called upon Californians to voluntarily reduce their water use by 15 percent compared to the same period in 2020.
- On June 15, 2021, the State Water Board sent Notices of Water Unavailability to all water right holders in the Delta watershed, alerting all post-1914 appropriative water right holders. The June 15 notice also warned all pre-1914 appropriative and riparian water right claimants in the Delta watershed of impending water unavailability.
- On August 3, 2021, the State Water Resources Control Board (State Water Board) approved [Resolution No. 2021-0028](#), an emergency curtailment regulation for the Sacramento-San Joaquin Delta Watershed.

DISCUSSION ITEM 10.4

- The Resolution authorizes diversion to continue after issuance of the curtailment order for minimum human health and safety needs, subject to conditions set forth in §878.1 of Resolution 21-0028.
- The District has provided information by providing door hangers, social media updates and flyers in the monthly newsletter sent with the utility bills. The community was informed that the 20% water use reduction implemented in 2014 was still in effect and other water use reductions for landscape irrigation and construction were in effect.
- Staff is working on formalizing a number of alternatives that were considered for a second source of water in case of an emergency interruption to the raw water delivery by Byron Bethany Irrigation District.
- Staff continues to provide monthly and quarterly water use updates as required by the State Water Board.

Wastewater Treatment Plant Expansion Project

October 2021 update includes:

- Install rebar for digester walls
- Install wall forms for the digester
- Last remaining concrete placement in digester walls (152 cubic yards)
- Strip and patch snap tie holes at previously poured digester walls and removed wall forms
- Install temporary piping from effluent pump station to fill digester
- Clean and prepare digesters for water testing
- Fill digesters with 2 million gallons recycled water, perform 72 hours soak and structural crack repairs
- Begin water leakage test at digesters on 10/26. We hope to have this completed by the end of October.
- Continue installing rebar and wall forms for membrane bioreactor (MBR) walls
- Last remaining concrete placement in MBR walls in 2 separate pours (189 cubic yards)
Stripped and patched snap tie holes at previously poured MBR walls and removed wall forms
- Partial installation of 18" digester waste line to new headwork
- Partial installation of two 18" pipes from influent pump station to new headwork
- Partial installation of 24" effluent piping
- Excavate and install duct bank A
- Backfill 42" mixed liquor piping from southwest collection box to mixed liquor collection box
- Install 18" reinforced concrete pipe storm drain
- Partial installation of 6" recycled water piping at the north building
- Demolition in chemical building/transfer pump station
- Demolition to allow for installation of new sluice gates on south wall of north building
- Begin install new sluice gates on south wall of north building

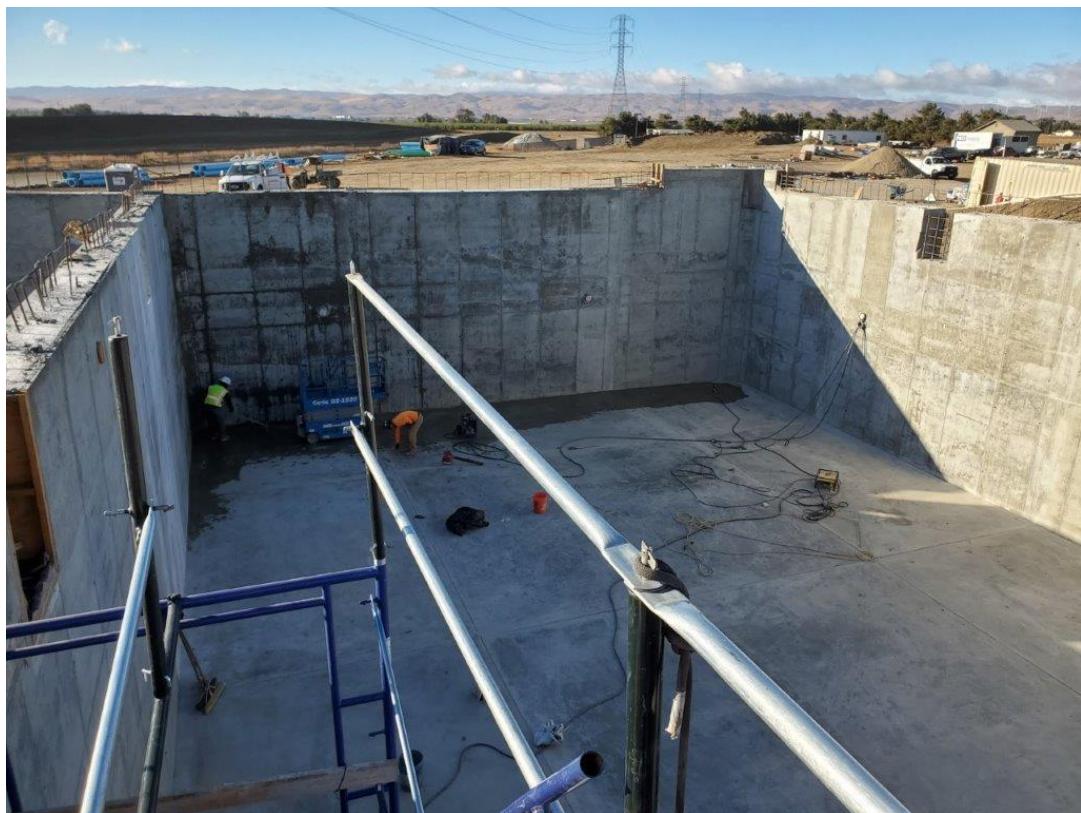

DISCUSSION ITEM 10.4

Activities through mid-November 2021 include:

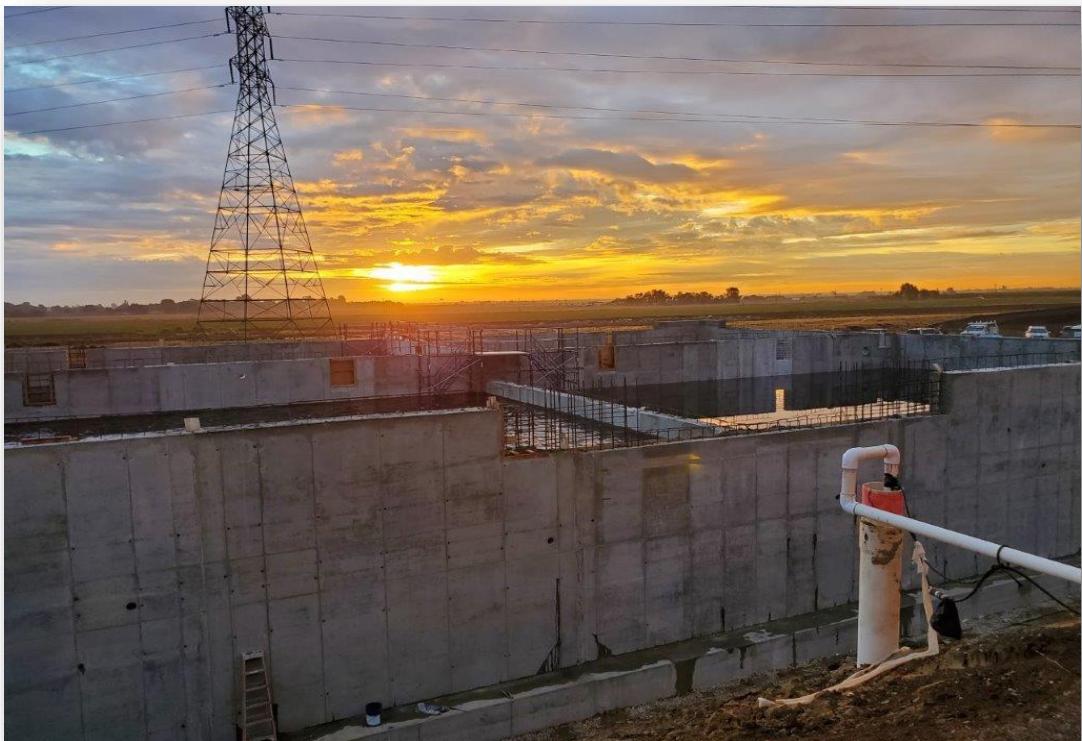

- Continue to perform structural crack repairs for digesters
- Backfill digesters to elevations of 18.5' and install drainage panels
- Begin installing deck shoring for digester ceiling
- Continue to strip previously placed MBR walls and remove wall forms
- Clean and prepare MBR for water testing
- Perform water leakage test for MBR and perform structural crack repairs
- Backfill and grade around MBR and digester
- Complete installation of 14" MBR drain
- Complete duct bank D installation
- Install 84" manhole for 48" mixed liquor line from MBR
- Complete installation of new sluice gates on south wall of north building
- Prepare subgrade and install rock on south flow channel slab
- Complete conduit to ultraviolet (UV) level switches
- Begin installation of UV equipment
- Begin installation of rebar for south flow control channel slab
- Begin forming for concrete pour, pouring the concrete, and striping the form after the concrete is poured for the south flow control channel slab
- Meeting of stakeholders to resolve conflicts with the Supervisory Control and Data Acquisition system

DISCUSSION ITEM 10.4

DISCUSSION ITEM 10.4

Water Tank Number 1 Rehabilitation Project

The rehabilitation work on Tank 1 will start later this year. The Board approved a contract for HDR to assist in preparing the scope and specifications and approved HDR to inspect the project. Staff and HDR, along with Inframark, have completed the specifications and details to bid the project. Inframark will contract and oversee the work after the bids are received and a contractor is selected.

Trash Bins on Great Valley Parkway

The Board approved funds in the fiscal year 2021-2022 budget to install trash bins on Great Valley Parkway. Staff ordered the bins. They arrived and are expected to be placed by end of the year.

Speed Cushions Project Near Schools

The Board approved the award of a project to Silicon Valley Paving Company to construct speed cushions at various locations as follows:

- Esplanade Drive and Montebello Street in Questa
- Saint Francis Avenue in Altamont
- Escuela Drive in Bethany
- Legacy Drive in Wicklund
- Tradition Street, Parco Avenue and Ramsey Drive in Cordes Village

The speed cushions were installed prior to the start of the school year. Permanent signs have been delivered and installed on temporary poles and will be placed on MHCSD standard poles when they arrive (expected in 4 weeks). Temporary poles were used to place the signs as a safety precaution.

Pedestrian Crossing Flashing Signals

The pedestrian crossing flashing signals, or rectangular rapid flashing beacon (RRFB) project was bid to install RRFBs on Central Parkway at Legacy Drive and on Mustang Way at Prosperity Street. Bids were submitted on August 10, 2021. Three contractors bid the project at \$97,500.00, \$97,800.00, and \$169,500.00. The project was awarded to the low bidder, Bear Electric Solutions. A notice to start the project was sent on September 22, 2021. The equipment has been ordered and is expected to arrive from Canada in early November. Traffic control plans have been submitted for review and approved. Field work is expected to begin mid-November.

Arterials and Questa Road Repair Project

A number of arterials, collector and local streets were identified as part of the Pavement Management Program (PMP) and were included in the fiscal year 2021-2022 budget. These included Mountain House Parkway, Arnaudo Boulevard, DeAnza Boulevard, Great Valley Parkway, Central Parkway and Mustang Way. The project also included all local and collector streets in Questa neighborhood. The work included crack sealing, slurry sealing and asphalt concrete removal and replacement work on various streets identified above.

Bids for the project were received on September 20, 2021. Two contractors submitted bids - Silicon Valley Paving, Inc. (\$678,660) and Pavement Coating Company (\$841,963). The project was awarded to Silicon Valley Paving, Inc. at a special board meeting on September 23, 2021. The project was expected to be completed before the rainy season but has been delayed due to the recent rains and low temperatures.

Poplar Removal Project

The poplar tree removal and replacement project is ongoing. The first phase has been completed. Individual street reports are as follows:

- Mountain House Parkway (MHP) - all poplar trees have been removed and stumps grinded. The trees and plants have been replaced.
- Wicklund, Mustang, and Arnaudo from MHP to De Anza - poplar trees have been removed and stumps grinded. Brightview is replanting the trees and shrubs where poplar trees were removed.
- Great Valley Parkway - poplar trees were removed between sidewalks and sound walls from Arturo to Byron Road.
- Trees are being planted under the PG&E corridor where Sumac trees were removed. Crepe myrtle and shrubs are planted in their place.

DISCUSSION ITEM 10.4

DISCUSSION ITEM 10.4

DISCUSSION ITEM 10.4

Residential Development

Below is a summary of new development as of November 8, 2021. Since January 1 2021, permits have been issued for a total of 398 units, including 48 second units. There have been 557 units granted final occupancy since January 1, including 61 second units.

<u>As of November 08 2021</u>
